Central Register and Commbuys – Please publish as a Legal Notice in the January 3, 2019 and January 10, 2019 editions.

INSTRUCTION FOR BIDDERS

The Town of Ludlow reserves the right to waive minor irregularities, allow exceptions to these specifications and/or reject any and all quotes if it is in the best interest to do so.

SPECIFICATIONS FOR PUMP: One (1) Allis Chalmers Pump Model 300 NSWV.

INTENT OF SPECIFICATIONS:

It is the intent of these specifications to cover the purchase of the specified pump to the purchaser as hereinafter specified. These specifications cover the general requirements as to the type of pump and model which shall be a direct purchase.

It is the purpose of these specifications to describe the pump listed above. The pump shall conform in strength, quality of material, and workmanship to what is usually provided by the industry in general.

All Items shall be of a standard production configuration and be available to all in the common market place, and not a product that is modified for bid purpose.

Each bidder shall demonstrate the ability to provide prompt service and to furnish replacement parts.

RECEIPT OF PUMP:

Quote shall be submitted and addressed to the Board of Public Works, 198 Sportsmen's Road Ludlow, MA 01056 and identified as:

"Quote for Allis Chalmers Pump."

Quote shall be filed no later than 10:30 a.m., Thursday, January 17, 2019 and will be publicly opened at such time in the Department of Public Works Conference Room.

DESCRIPTION OF CONTRACT:

The contract will require that the successful bidder supply one (1) Allis Chalmers Pump Model 300 NSWV, in accordance with the contract requirements, specifications, quote form and other supporting documents set forth in the invitation.

Each quote shall be accompanied by a set of Manufacturer's Specifications consisting of a detailed description of the pump to which they shall conform.

QUOTE FORM:

The quote shall be completed on the accompanying Quote Form only, and shall state the price as therein required. The Quote Form may not be changed, and shall be completed in its entirety and signed by the Bidder. Quotes that are incomplete improperly signed or otherwise contrary to these instructions will be rejected as informal. Conditional quotes will not be accepted.

WARRANTY:

The following warranty is to be furnished with each bidder's proposal:

The warranty shall be a minimum of one (1) year on pump. Bidders shall attach a copy of such warranty and state the coverage.

DELIVERY:

Please state the anticipated deliver date. The pump shall be delivered F.O.B. to the Town of Ludlow, Department of Public Works garage, at 198 Sportsmen's Road Ludlow, MA 01056.

INFORMATION REQUIRED:

The successful bidder shall supply at the time of delivery, complete operating and maintenance manuals covering the apparatus delivered.

LIABILITY:

The successful bidder after having had their quote accepted, shall defend any and all suits and assume all liability for the use of any protected process, device or article forming a part of any item furnished under the contract.

GENERAL CONSTRUCTION:

All components of the pump shall be new and unused (with the exception use incidental to the construction and testing). Any old or used components shall constitute grounds for automatic rejection of the entire apparatus.

PAYMENT:

Shall be made within forty-five (45) days after delivery.

PUMP SPECIFICATIONS:

Allis Chalmers Pump Model 300 NSWV Specifications

The pump shall be a 6 x 4 x 14 drop in fit as to bolt in place without modification to the current setup at the Chapin Street Pump Station.

The impeller end of the shaft and impeller bore shall be that of a tapered shaft.

The impeller diameter is 12 ½"

Pump shall be set up for a mechanical seal that will be supplied by the Town of Ludlow.

A new volute shall be part of the pump assembly.

The rotating element shall that of a rear pull-out design so the suction and discharge piping is not disturbed during service of the pump.

Pump shall be counterclockwise rotation in order to accommodate current station conditions.

The impeller shall be a two vane non-clog impeller.

The impeller nut shall be contoured stainless steel with stainless steel set screw.

The ware plate shall be A 410 stainless steel.

The sleeve shall be stainless steel.

The pump shall include a motor pedestal/frame to accommodate a 40 HP motor Frame 324HPV.

The above listed specifications are intended to represent the requirements of the pump and shall to the fullest possible extent shall be met for consideration of quote. The Town reserves the right to accept compatible equal equipment.
