

A special message to all you talented Crafters, due to the ‘masks-in-public’ State Mandate – We are asking for your help!

If you can make cotton cloth face masks that you would be willing to donate to the Town, the Board of Health would like to hand them out to our Ludlow Residents during a drive-thru ‘free-mask’ event. Also, if any Residents want to make a donation of 100%-cotton material and/or ¼” elastic to help these Crafters in their mission, that would help greatly also!

IF you can help, please call 583-5600 ext. 1272
